DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7 are rejected under 35 U.S.C. 102(b) as being anticipated by Paraschac US h1745. Paraschac discloses a device for clamping tissue comprising a first and second handle, first and second jaw members, a first elongated electrode (21) and a second elongated electrode (22).

Response to Arguments

Applicant's arguments filed July 13, 2004 have been fully considered but they are not persuasive. Applicant argues that the insulator does not form any part of the grasping surface. As illustrated in Figures 2 and 3 of Paraschac, the insulator is inherently part of the clamping surface, particularly in view of the fact that the insulator would indeed clamp tissue that is disposed therebetween depending on the thickness of the tissue. Applicant also argues that portions of the jaw-clamping surface do not flank the electrode; figure 3 of Paraschac illustrates this limitation. Applicant also argues that the electrodes are not in face-to-face relationship, however in figures 2 and 3 Paraschac clearly illustrates the electrodes in a face-to-face relationship.

Conclusion

Art Unit: 3739

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
